Dining sets

Tables and chairs for four to eight people, from compact café sets to six-seat family tables.

DINING SET

Scandinavian Dining Set

IDR 7,150,000 / set

A clean, light dining set for six: a rectangular solid teak table with slim tapered legs and six chairs with curved wooden backrests. The simple Scandinavian lines let the teak grain speak for itself, so the set fits a modern villa as easily as a family home. At 160 × 80 cm the table seats six without crowding, three chairs on each long side. It is a sensible choice for rental villas, because solid teak handles daily use, humidity and the occasional spilled drink far better than veneer or MDF.

SIZE	Table 160 × 80 × 75 cm (L × W × H)
INCLUDES	1 table and 6 chairs
MATERIAL	Solid teak table and six solid teak chairs

Table length for 4, 6 or 8 people · Number of chairs · Finish: natural, teak oil or a darker stain

DINING SET

Tropical Dining Set

IDR 4,290,000 / set

A warm honey-brown teak table with four chairs whose backrests are woven from rattan cane. The cane keeps the chairs light to look at and cool to lean against, which is exactly what you want in the Bali heat. The 140 × 80 cm table fits a kitchen corner, a villa dining area or a covered terrace. It pairs naturally with garden views, jute rugs and woven pendant lamps.

SIZE	Table 140 × 80 cm
INCLUDES	1 table and 4 chairs
MATERIAL	Solid teak, woven rattan cane chair backs

Table size to fit your room · Number of chairs · Finish: natural, honey oil or a darker stain

DINING SET

Rattan Dining Set

IDR 5,720,000 / set

A light natural teak table with four curved armchairs whose backs are woven from rattan cane. The armrests make long dinners more comfortable, and the cane adds texture without adding visual weight. It suits bright interiors, white walls and plenty of plants, and it is a popular choice for villa dining rooms where the table is the centre of the house.

SIZE	Table 150 × 80 × 75 cm (L × W × H)
INCLUDES	1 table and 4 armchairs
MATERIAL	Solid teak, rattan cane armchair backs

Table size to fit your room · Armchairs or side chairs · Finish: natural, teak oil or a darker stain

DINING SET

Bench Dining Set

IDR 5,000,000 / set

A chunky solid teak slab table on thick block legs, with two matching benches. The look is honest and heavy in a good way: wide planks, visible grain and nothing fragile. Benches seat more people than chairs on the same length, so the table comfortably fits a family or a group of friends. Slide the benches under the table and the room opens up again.

SIZE	Table 150 × 60 × 75 cm (L × W × H)
INCLUDES	1 table and 2 benches
MATERIAL	Solid teak slab table and benches

Table and bench length · One bench and two chairs instead of two benches · Finish: natural, teak oil or a darker stain

DINING SET

Raw Teak Dining Set

IDR 2,860,000 / set

A teak dining table with four matching chairs with rounded backrests, left raw for a weathered, light grey look. There is no glossy coating, only the natural texture of the wood. Raw teak slowly turns to a silver patina and suits rustic, coastal and outdoor inspired interiors. If you prefer a warmer tone, the same set can be oiled instead.

SIZE	Table 150 × 80 cm
INCLUDES	1 table and 4 chairs
MATERIAL	Raw, unfinished teak

Table size to fit your room · Number of chairs · Raw, oiled or a darker stain

DINING SET

Round Rattan Dining Set

IDR 3,150,000 / set

A round solid teak dining table on a cross-shaped base, with four chairs with woven rattan cane backrests. A round table makes conversation easy and fits small or square rooms better than a rectangle. The cross base leaves more room for knees and chair legs than four corner legs would. Ask us for a larger diameter if you need to seat more people.

SIZE	60 × 70 cm
INCLUDES	1 round table and 4 chairs
MATERIAL	Solid teak, rattan cane chair backs

Table diameter · Number of chairs · Finish: natural, teak oil or a darker stain

DINING SET

Industrial Bench Set

IDR 3,860,000 / set

A teak plank dining table on a black powder coated steel frame, with two matching teak benches on black steel legs. Warm wood and dark steel give a strong, modern industrial look. It is built for busy places: cafés, co-working spaces, covered terraces and family kitchens. The steel frame keeps the table rigid even with heavy daily use.

SIZE	Table 120 × 70 cm
INCLUDES	1 table and 2 benches
MATERIAL	Teak planks, black powder coated steel frame

Table and bench length · Steel frame colour · Finish: natural, teak oil or a darker stain

CAFÉ SET

Café Dining Set

IDR 1,720,000 / set

A compact set for two: a 60 × 60 cm square teak table with tapered legs and two teak chairs with woven rattan backrests. It is small enough for a balcony, a bedroom corner or a studio, and sturdy enough for a busy café. Many cafés and guesthouses order several sets at once. Add the quantity you need to your inquiry list and we will quote the whole order together.

SIZE	Table 60 × 60 cm
INCLUDES	1 table and 2 chairs
MATERIAL	Solid teak, woven rattan cane chair backs

TV consoles, a tall cane cabinet and a queen bed frame, in solid teak with woven rattan.

MEDIA CONSOLE

Rattan TV Console

IDR 2,860,000 / unit

A mid-century style media console in solid teak with softly rounded corners. Two woven rattan cane doors at each end hide cables, routers and game consoles while letting air through, and two centre drawers keep remotes and small items out of sight. The open middle shelf takes a soundbar or a media box, and the angled tapered legs lift the cabinet off the floor. The room feels lighter, and cleaning underneath stays easy in a tropical home.

SIZE	150 × 45 × 60 cm (W × D × H)
MATERIAL	Solid teak frame, woven rattan cane doors

- Width and height to fit your wall
- Finish: natural, teak oil or a darker stain

Louvre TV Console

IDR 2,860,000 / unit

A teak TV console with a mid-century look: a rounded louvered door on the left, an open shelf and two drawers on the right, all standing on angled tapered legs. The louvres hide clutter while letting air move around routers and media boxes. Choose it if you like warm wood and soft curves but want something a little more architectural than rattan. It sits well under a wall-mounted TV or as a low sideboard in a dining room.

MATERIAL	Solid teak with a louvered door

- Width and height to fit your wall
- Finish: natural, teak oil or a darker stain
